

## Enhanced Security Abilities

Increased safety support with ANPR

**#SaferCommunities**

By using the NAVIC automated proactive alert system, you as a security company can decrease your clients' risk of being a victim.

NAVIC will assist you and SAPS in the investigation of crime where a vehicle was used.

You will be able to monitor your own as well as suspect vehicle movement in your client area.

You will be able to create your own geofence for vehicle movement.

### Automated proactive alert system

- Assets in transit
- Early warning system
- Burglaries
- Investigations
- Operation management

**By receiving alerts, you can act proactively.**
